Our commitment to you: Peace-of-Mind Protection

- Basic Coverage: 3 years/60,000 km
- Powertrain Limited Warranty: 5 years/100,000 km
- Corrosion Perforation Warranty: 5 years/unlimited distance
- Roadside Assistance: 5 years/100,000 km

Certain conditions apply. For more information on these warranties and coverages, ask your local Ford of Canada Dealer or visit ford.ca.

Ford Extended Service Plan. Help protect your investment and add to your peace of mind by complementing your vehicle purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your Ford of Canada Dealer for details.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca.

Ford Original Accessories that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 3-year/60,000-km New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford of Canada Dealer for details and/or a copy of all limited warranties.

For prompt, courteous answers to your questions: Ford Customer Relationship Centre 1-800-565-3673; Ford Credit Customer Service Centre 1-877-636-7346.

Go Further

YOUR WILDEST DREAMS. JUST GOT REAL.

Forward-leaning. Hard-charging. Free-breathing. And incredibly streamlined. A bold new interpretation of the legendary pony car has arrived. With an all-new design inside and out, the 2015 Mustang hits the pavement running – sleeker and more agile than ever.

Your choice of 3 powerful engines includes an all-new twin-scroll turbocharged, direct-injected 2.3L EcoBoost.¹ The proven 3.7L V6. And an improved 5.0L V8¹ that helps make this Mustang GT our fastest ever with 435 hp² and 400 lb.-ft. of torque.²

Performance is enhanced by an all-new, fully independent, integral-link rear suspension. And by subtle elements like the wheel aero curtains, which create a high-pressure region that holds airflow closer to the body and minimizes drag.

Fastback or convertible, this is our most advanced Mustang yet. The stunning result of form and function flowing seamlessly together. The all-new 2015 Mustang is a world-class design – ready to be unleashed on the world.

¹Available feature. ²Figures achieved using 93-octane fuel.

GT Premium. Fastback. Ingot Silver Metallic. Available equipment.

435-HORSEPOWER¹ HIGH.

GT Premium. Fastback. Race Red. Available equipment.

¹Figures achieved using 93-octane fuel.

320 LB.-FT.¹ OF GET-UP-AND-GONE.

EcoBoost® Premium. Convertible. Magnetic Metallic. Dark Saddle leather trim.

¹Figures achieved using 93-octane fuel.

FASTBACK. FAST FORWARD.

V6, Fastback, Triple Yellow Tri-coat. Available equipment.

POWER PLAYERS.

Every member of the 2015 Mustang family makes a powerful impression. There's the deep-throated rumble of the GT with its legendary 5.0L. The turbocharged responsiveness of the all-new EcoBoost.[®] And the tried-and-true 300-hp V6. Whether you go for a short-throw manual or a SelectShift[®] automatic,¹ it's time to put your dream Mustang in gear.

The fastest GT ever packs a more potent V8 under its hood thanks to inspiration from the previous generation's Boss[®] 302 engine.

Best-in-class² 4-cylinder fuel efficiency,³ horsepower and torque can all be yours with the 2.3L EcoBoost. Its twin-scroll turbocharger and direct-injection technology deliver all around.

Mustang GT

5.0L V8: New cylinder heads with revised high-flow ports help air flow more freely for better high-rpm breathing than last year

6-speed manual or SelectShift automatic¹ transmission

15.2L/100 km (19 mpg) city⁴
9.3L/100 km (30 mpg) hwy⁴
435 hp⁵ and 400 lb.-ft. of torque⁵

Mustang EcoBoost

2.3L EcoBoost: Twin-scroll turbocharger optimized for quick acceleration response

6-speed manual or SelectShift automatic¹ transmission

11.0L/100 km (26 mpg) city³
7.4L/100 km (38 mpg) hwy³
310 hp⁵ and 320 lb.-ft. of torque⁵

Mustang V6

3.7L V6: All-aluminum DOHC with Ti-VCT helps deliver low-end torque, peak power and increased efficiency

6-speed manual or SelectShift automatic¹ transmission

12.6L/100 km (22 mpg) city⁶
8.5L/100 km (33 mpg) hwy⁶
300 hp and 280 lb.-ft. of torque

¹Available feature. ²Class is High-Power Sports Cars. ³11.0L/100 km city and 7.4L/100 km hwy (26 mpg city/38 hwy), 2.3L automatic fastback. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary for all ratings. ⁴5.0L manual fastback. ⁵Figures achieved using 93-octane fuel. ⁶3.7L automatic.

TRANSFORM FASTER THAN EVER.

The all-new Mustang convertible drops its top nearly twice as fast as the previous generation. Engineered as a convertible from the start, it's designed to deliver a smoother ride and better handling than before. It also has a lower liftover height and best-in-class¹ trunk space.

Go topless in seconds by simply releasing the new centrally located top latch and pressing a button. With the new electric drive system, you'll enjoy quieter top operation this year too.

Convertible life is easier than ever with thoughtful touches like the new tonneau caps that slide easily in place to help give the lowered top a sleek finish.

To perfect its top-down look, the convertible sports exclusive design cues that set it apart from the fastback. Note the higher, straighter muscle line across its rear haunches. And its distinctively contoured trunk lid. The all-new 2015 Mustang convertible – our best one yet.

GT Premium. Convertible. Deep Impact Blue Metallic. Ebony leather trim. Available equipment.

¹Class is High-Power Sports Convertibles.

DROP IN. REV UP.

Lower yourself into the sporty new driver's seat. Put your foot down. And let the adrenaline flow. Nothing compares to this rush. It's pure magic. Conjured by the all-new Mustang. A love-at-first-sight, want-you-so-bad, feels-so-good kind of car. One drive. And you're hooked.

The carefully crafted new interior welcomes all drivers. The steering column tilts *and* telescopes. Your footrest and accelerator angles match. The shifter's right where it should be for open access to controls (and cupholders). Plus, the front seats travel farther than in the previous model. And there's more knee room. All that's missing is you.

ROCK THE COCKPIT.

Voice-activated Ford SYNC^{®1} delivers hands-free calls, music and more with simple voice commands. Once paired with your phone, it can download your contacts and play Bluetooth[®]-streaming music. Or, plug in your MP3 player, USB or iPod[®] to listen to your favourites. SYNC also features 911 Assist[®] with GPS location reporting. Opt for SYNC with MyFord Touch^{™1,2} to get an 8" colour LCD touch screen and more. Upgrade to the voice-activated Navigation System² for interactive maps with 3D landmarks. SYNC. Say the word.

| SYNC

For amazing sound, the Shaker[™] Pro Audio System² surrounds you with 12 strategically placed speakers.

Listen to your favourites all across Canada with SiriusXM.^{®2} Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment.³

((SiriusXM))

GT Premium. Fastback. Ebony leather trim. GT Performance Package.

¹Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. SYNC with MyFord Touch voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. ²Available feature. ³SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca.

SENSE DANGER. LIKE A SUPERHERO.

High-speed passing. Crowded lots. Tight driveways. Long runs down the highway. The all-new Mustang offers advanced driver-assist technologies¹ with sophisticated sensors that can help you out in all these challenging real-world moments and more.

Stay alert to traffic detected in blind spots as you drive forward, or traffic nearing either side of the vehicle as you slowly back up, thanks to BLIS® (Blind Spot Information System) with cross-traffic alert.¹ BLIS helps warn you using lights embedded in the sideview mirrors.² Cross-traffic alert uses the same lights, plus an audio warning and a message centre notice.

Get a heads-up from adaptive cruise control and collision warning with brake support.¹ This system helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and helps by pre-charging the brake system.

GT Premium. Fastback. Ruby Red Metallic Tinted Clearcoat. Available equipment.

¹Driver-assist features are supplemental and do not replace the driver's judgment.
²Available feature. ²BLIS replaces standard integrated blind spot mirrors.

U.S. model shown.

ASSERT YOUR INDEPENDENCE.

Pulls 0.98 lateral g.¹ Our best-handling Mustang GT yet is ready for action. In fact, it's already proven itself in our most rigorous testing – logging more than 4 million kilometres.

Holds the road better than ever thanks in part to its all-new, fully independent, integral-link rear suspension. Based on a lower H-arm, a vertical link, an upper camber link and a toe link, this new setup helps Mustang deliver 2x better anti-squat and nearly 10x better anti-lift properties than its previous generation. Which gives it better pitch control during hard acceleration and braking.

For even more grip, unsprung mass is kept down by the use of high-strength aluminum alloy for the rear knuckles and H-arms.

Better road feel, a better ride and more precise handling are just a few more benefits of the all-new suspension system, which incorporates a new double-ball-joint configuration up front as well.

The most capable brake lineup ever offered on a Mustang brings it all to a stop faster than you can say “let’s go.”

Pre-production vehicles shown.

¹Mustang GT with GT Performance Package figure based on internal Ford testing data.

NOTHIN' BUT SMOKE IN YOUR MIRRORS.

When it's time to hit the track, leave the competition in your wake with new Electronic Line-Lock.^{1,2} Exclusive to GT models, it's activated using Mustang Track Apps.^{TM2} And its sole purpose is to prep your tires for the big win.

For customized steering feedback, the selectable-effort electric power-assist steering offers you 3 modes (Standard, Sport and Comfort) in the Steering Feel menu.

An iconic "Christmas tree" offers accurate countdown starts. You can also monitor g-forces, braking times and acceleration times in quarter-mile, 0-60 mph and more, all within the Track Apps.²

Serious stopping power is built into the GT Performance Package^{1,3}: 6-piston BremboTM front calipers bite down on 15" vented rotors. Then, it's go-time again.

GT Premium. Fastback. Black. Available equipment.

Vehicles shown on closed course with professional driver. Obey all laws.
¹Available feature. ²Track use only. ³Manual transmission only.

RACERS: TAP THIS.

The all-new Mustang serves up hot new technology designed specifically for you. Next time the track starts getting slick, just tap a toggle switch on the dash to adjust its Selectable Drive Modes¹ And keep going.

Choose from 4 modes: Normal, Sport+, Track, and Snow/Wet. Each one activates predefined powertrain and chassis calibrations suited to that particular driving situation.

Normal mode delivers a balance of comfort and responsive handling for an engaging driving experience.

Sport+ mode provides more responsive steering and throttle response, plus different shift points if your Mustang is equipped with the SelectShift[®] automatic transmission. It's great for more spirited driving on twisty roads.

Track mode, which is for track use only, allows skilled drivers to push the car closer to its limits on the track before AdvanceTrac[®] ESC (electronic stability control) intervenes. It's perfect for weekend track days and autocrosses because it lets you extract the absolute maximum from the vehicle.

Snow/Wet mode comes in handy when road conditions take a turn for the worse. It provides confident handling by retaining a connected-to-the-road feel without sacrificing any of the inherent composure of your new Mustang.

EcoBoost[®] Premium. Fastback. Race Red. Available equipment.

¹Available feature.

Ebony cloth trim. Available equipment.

Tri-bar Pony badge on gloss-black-finished trunk lid.

LED tail lamps with sequential turn signals.

Intelligent Access with push-button start.

HID headlamps with signature lighting.

Equipment Group 050A
Includes all standard features, plus:
